

Consecrated and Unconsecrated ground

Grove Street Cemetery, as most cemeteries, has both consecrated and unconsecrated ground, this was part of the design and planning of the cemetery in 1939.

The cemetery is divided into four sections – A, B, C with B subdivided again to include a section of War Graves. Section A contains consecrated and unconsecrated ground, with rows 27 onwards in unconsecrated ground. Sections B and C contain only consecrated ground.
